

	practices could be an even better way of sharing the resources and having a larger number attending. HM/DG to liaise with midwife and PM.	
4	<p><u>FUTURE EVENTS</u></p> <p>A general discussion then ensued regarding other events that we could look to holding. We already have a “Carer’s Event” on 14/11/12 to be held at Elim church hall, 3.30pm – JT and MH will assist on the day with welcoming patients in, together with the PM and a GP Partner. There will be two representatives from local Carers organisations speaking, with a Q & A session afterwards. Possible future events that were suggested included:</p> <p>Men’s health (prostate cancer etc) – and it was thought that it would be a very good idea to get a Urologist from CGH to come and speak – as Winchcombe PPG had already done for their equivalent event.</p> <p>“The Menopause” could be another welcome one for women.</p> <p>An event for parents with children with “learning Difficulties” was also suggested, as was one on “Arthritis” and possibly another one leading on from the Breast-feeding one – on “Weaning – eating solids”.</p> <p>Feedback was welcomed from non-attending PPG members next time, as well as from the virtual members.</p>	
AOB	SM mentioned that we shall have to discuss our next Patient Survey at the next meeting, which is looming up again already. We shall need to decide on format (same as last year’s or different) and how to distribute once again.
